re Application No. 09/284,578

Dear Sirs:

ţ

6,3

Because of unbelievable processings by the patent right owner during revision, the contents of this patent application were completely deteriorated. More particularly, the contents of this application and the preceding Japanese patent are largely self-contradictory between the original and revised specifications. Under such circumstances, I unwillingly abstain from filing an oath or declaration. My decision was informed to the patent right owner one week ago.

Thank you.

Sincerely yours

Yasuo Fukagawa, Ph. D.
